“

“Doofinder’s real-time statistics offer new opportunities. In our case, we have reconsidered new product launches thanks to these statistics, as we have found searches for products that we don’t have in our catalog, which we will offer in the future”.

- Marc Rodríguez (Digital Product Manager)

”

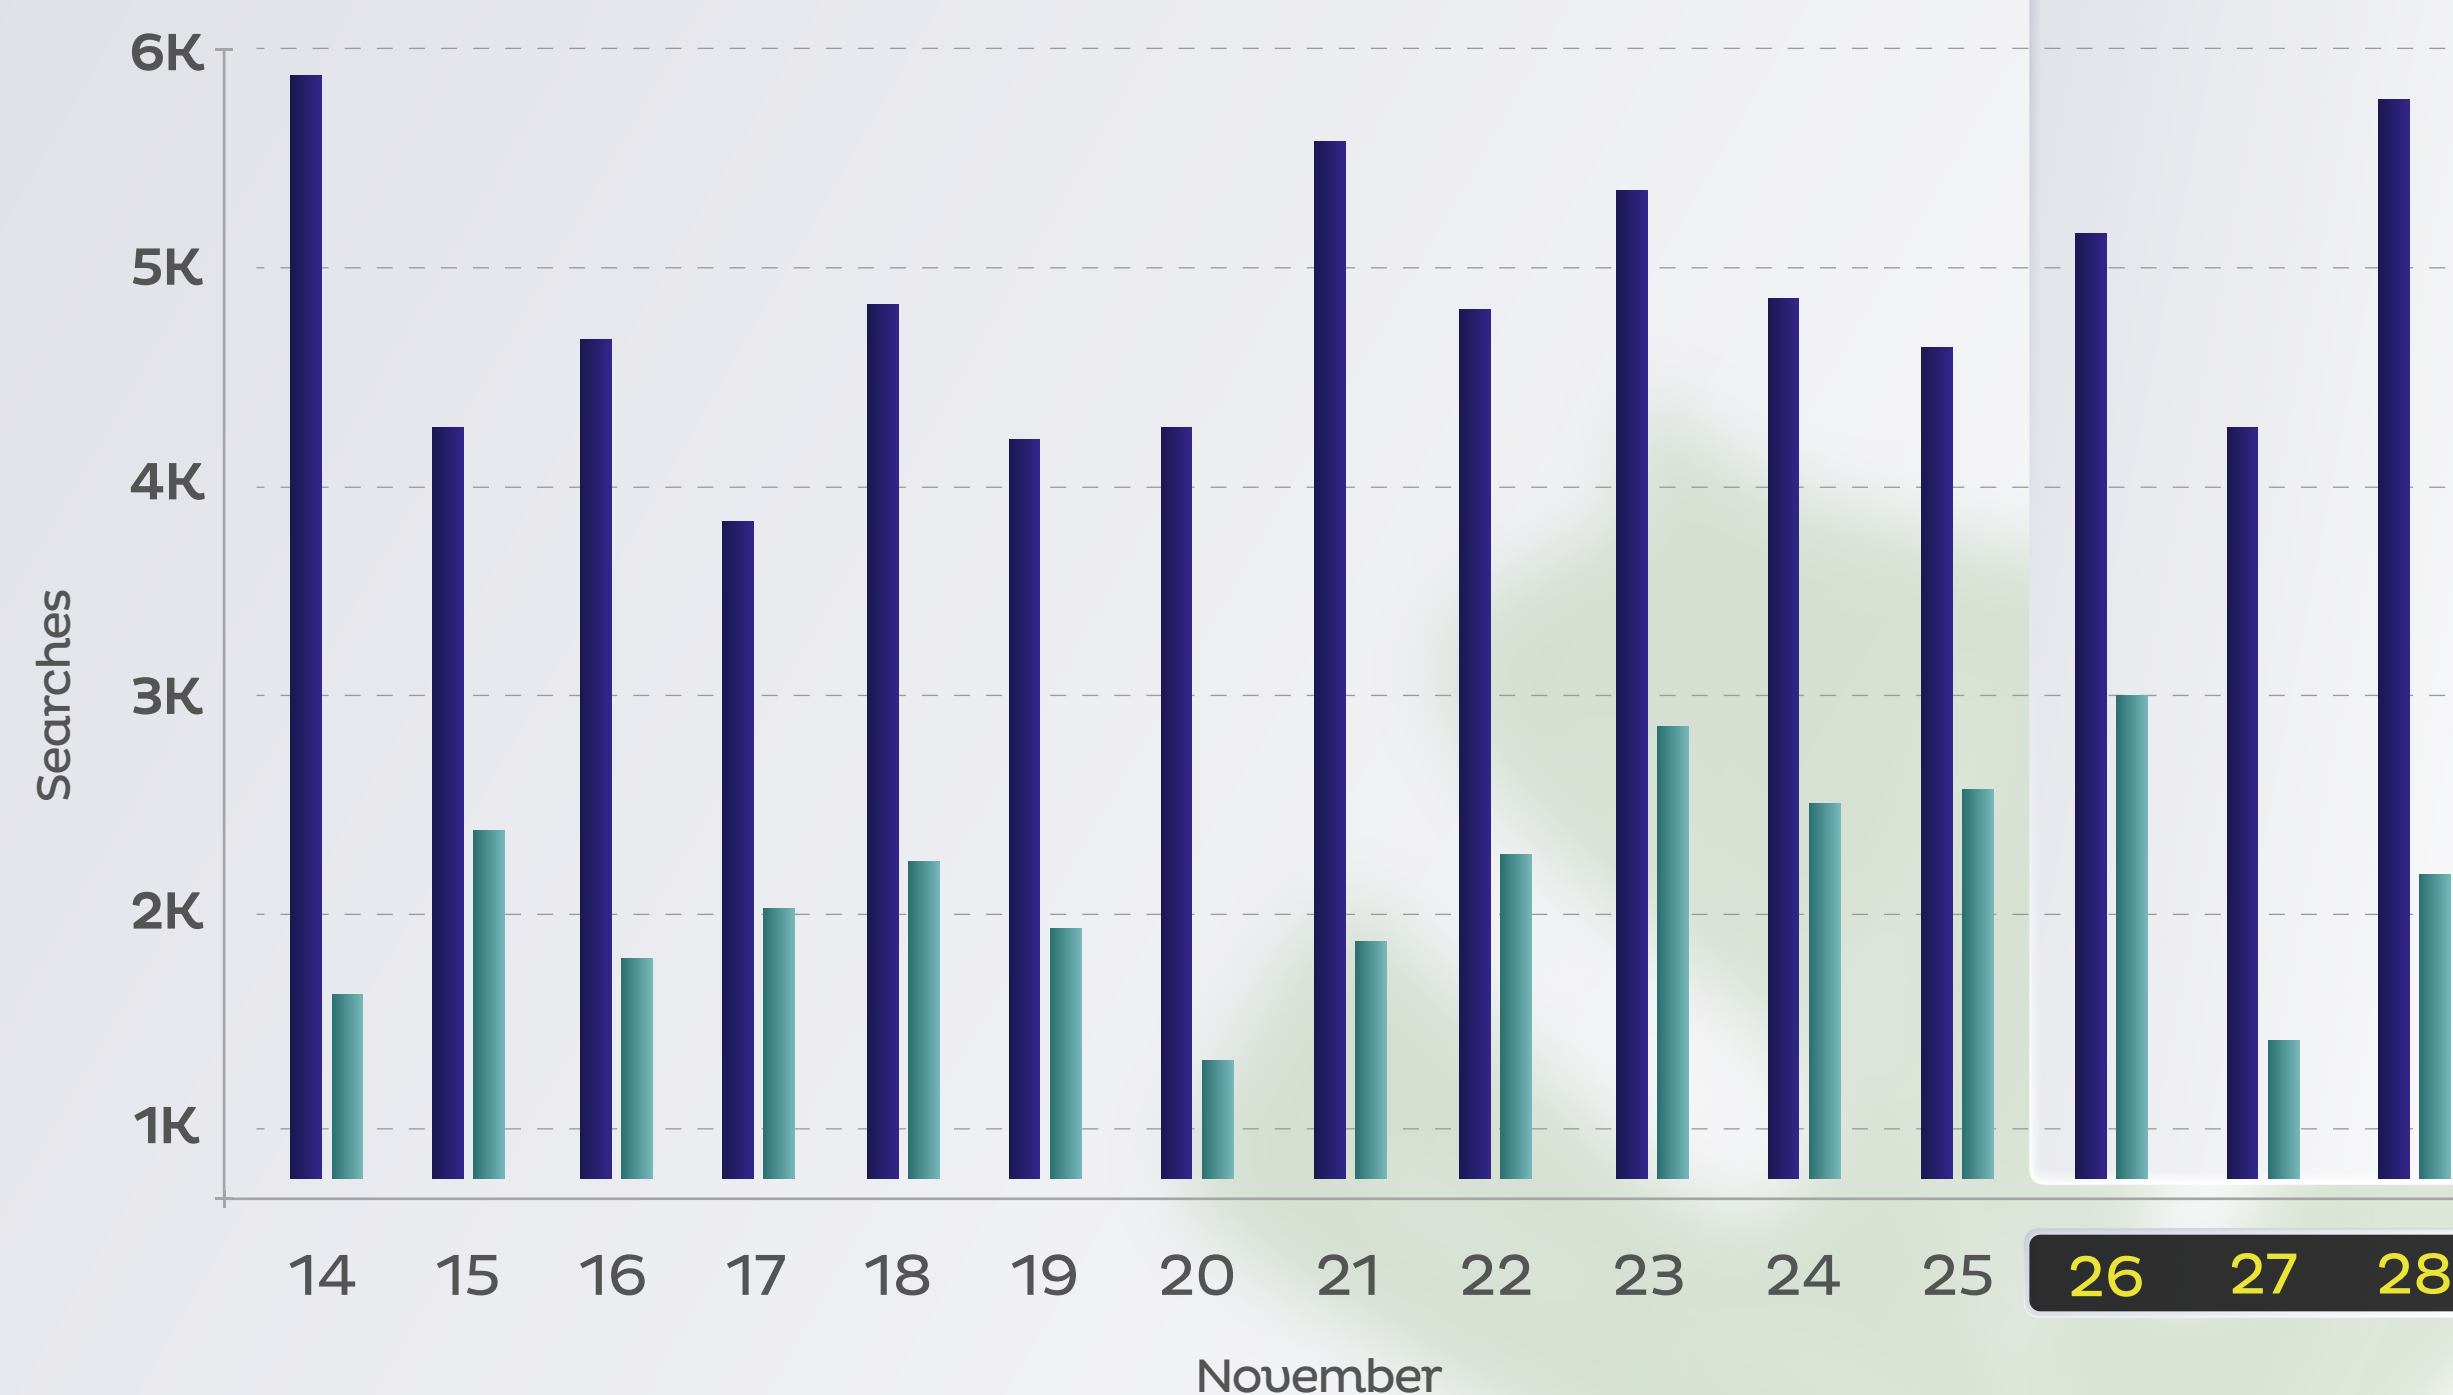

DOOFINDER®

We detected that the UX with the platform's default search engine was not what we had expected. Doofinder has given us the possibility, in an agile and simple way, to offer the results that the user expects to find when they conduct their search.

- Freshly Cosmetics Digital Product Team

**68% of searches
in the last month
were conducted
on cell phones**
and 32% on
computers.
